Lemons begin (scrapping)

Firestar would go to sleep in the leader's den as suddenly when he closed his eyes. He was teleported to a strange land that was hideous. The sky was blood red and the trees were black and the clouds look like eyes looking down staring at Firestar's soul.

Suddenly paw steps were to be heard and the bushs rustled as someone was coming out. Firestar would unsheathe his claws and got into a battle pose. "In the name of Starclan, whoever is in that bush; I demand you to come out ***now!***" The flaming tabby tom hissed. Suddenly the figure listened to him and only grabbed a paw and exposed it to Firestar, the claws unsheathed. Suddenly, as Firestar blinked the shadow was gone. "*I thought I saw a claw earlier..*" the tom thought until a force came down and pinned Firestar. Firestar would panic, kicking off the large opponent. His eyes were amber yellow and stared into Firestar's eyes. "Show yourself!" He growled. The tom listened as the shadow figure would reveal his brown tabby scarred pelt. "Tigerstar..?!" Firestar said, showing a little bit of fear in his voice as his voice mumbled and cracked. "It's been so long since I last saw a fur bag like you! Well; I brought you here so I can have my revenge, alone." Firestar would leap at the Warrior, trying to pin him but as Firestar touched the Warrior he'd disappear, teleporting behind him and pinned Firestar. "I thought I wanted to make my revenge unique and, quiet different." Firestar would snarl are the Warrior not hearing a word he said as if Firestar was blinded by aggression; Tigerstar would place his mouth near an ear and said
"I'm gunna make you scarred for life so that you fear me, I'm gunna make my revenge unique. So I'm gunna make sure you fear me! By me r-a-p-i-n-g you." Firestar would growl as he tried to break free. Tigerstar would let out a smirk but before Firestar could do anything the tabby tom knocked him out.

Firestar woke up (in his dreams) in a den, it looked like a Leader's den but it was not cleaned. Firestar would try to move his paws but his paws were tied down by some thistles that were hard too break through. He would see that his tail was forced upwards by some ivy that was tied to a old rock that looked like it would fall on him if he moved his tail too much. Two other ivy's that were attacked to the ivy's on his tail ivy forced his flank up, his core would show up in the air making a smell. Tigerstar would pad towards the trap den. "Ugh.. why am I tied up like this?! Why is my tail up in the air??!" He'd growl. Tigerstar would let out a laugh "did you not hear me back then Fox heart? I'm gunna scarr your life by doing something quite unique." Tigerstar would climb on Firestar and would hold onto his scruff. He'd grab out his member and hardened it and then placed it in Firestar's core. Firestar would start to shriek as Tigerstar started to thrust, getting the member in deeper and deeper. Firestar starts to panic; gasping for air as yowls turned into little moans. "Tigerstar... stop~" he'd demand Tigerstar would ignore the shrieks and began to go In deeper he'd thrust more faster and evidentially started to cum. Firestar would let out a loud yowl as the cum started to burn inside his core.
